

AKFCF Award Descriptions

President's Award

The President's Award honors members of the AKFCF who have made substantial contributions to the development of the Association and the KFC brand. Individuals adhere to high standards of professionalism, decency, and collegiality. Awarded to franchisees who have consistently worked to support the AKFCF's mission statement and have performed "over and above" what has been required. This award is presented each year at the president's discretion and is approved by the executive committee.

Colonel's Legacy Award

Awarded to second, third or even fourth generation franchisees who have made a significant impact within their region or nationally, this honor recognizes individuals for their noteworthy contributions, innovative thinking, and volunteerism. This award is presented each year at the president's discretion and is approved by the executive committee.

Lifetime Achievement Award

The Lifetime Achievement Award recognizes an individual who has given decades of outstanding service and voluntary leadership spanning a career in franchising. This award is presented each year at the president's discretion and is approved by the executive committee. The award recognizes individual accomplishments and contributions to the association community and is a call for continued service within the system. Award winners serve as role models and mentors for individuals who are interested in making a commitment to a career as a KFC franchisee.

John R. Neal Award

This award recognizes substantial contributions made to the AKFCF through service to the NCAC. It is the strong relationship between these two franchisee-centric organizations that have made the AKFCF franchisees the important voice in the franchise system that they are today. No other national franchise organization reveres its franchisees or values their opinion as much as KFC - in significant part because of the work and partnership done, in good times and in bad, by the AKFCF and the NCAC, working together.

Outstanding Partner Award

The AKFCF Outstanding Partner Award recognizes an individual who is not a KFC franchisee, but has made a substantial contribution to the success of our system. This award honors those who have provided us with best-in-class product, support or service, or one who has made an exceptional impact across the system.
